

## Step 1: Connect to Azure Cloud Shell

1. Go to the [Azure Portal](#).

2. Click on the **Cloud Shell** icon (a terminal icon) at the top-right corner of the portal.

3. Select **PowerShell**.

4. The Cloud Shell will automatically connect to your Azure environment.

## Step 2: Create a Resource Group

Once inside Cloud Shell:

**PowerShell:**

1. Run the following command to create the resource group:

**New-AzResourceGroup -Name "rg-powershell" -Location "South Central US"**

```
PS /home/new> New-AzResourceGroup -Name "rg-powershell" -Location "South Central US"

ResourceGroupName : rg-powershell
Location           : southcentralus
ProvisioningState  : Succeeded
Tags               :
ResourceId         : /subscriptions/9b23d2c1-3c85-4730-9eef-8d7211489a95/resourceGroups/rg-powershell

PS /home/new> 
```
